State Department Preparing to
'Warn Americans to Leave
the Country

MADERO ASSERTS PEACE
WILL SOON BE RESTORED

Gen. Orozco Declares His Loy-
alty—Horrors of War Be-
gin in Chihuahua

WASHINGTON, Feb. 8.—The state department is preparing to warn Americans to leave Mexico, on the ground that their lives are endangered. The announcement, coming from a high official, is believed here to be practically an admission by the government of the gravity of the situation. It is reported that President Madero is planning to ask American aid to restore order in Mexico.

Advices from various military posts throughout this country say the entire mobile army is ready to move at a moment's notice.

MADERO SENDS REASSURING MESSAGE TO AMERICANS
NEW YORK, Feb. 8.—"American interests in Mexico have nothing to fear" is the substance of a reassuring message from President Madero to the United Press. He expresses confidence that the outbreak in Mexico will soon be quelled.

President Madero's message reads: "The troubles in Chihuahua are merely misadventures of undisciplined soldiers, who have no political object. I am confident that within a few days peace will be re-established. After thirty-five years of oppression, the Mexican press is now absolutely free, but in certain cases it oversteps the limits of prudence. It will soon change its attitude as the public realizes its exaggerations and its losing confidence in it. With the aid of the people, who are entirely with me, I am sure we will soon realize our plans."

Statement from Aruzco
NEW YORK, Feb. 8.—Answering attacks on his loyalty, and describing conditions in the state of Chihuahua, Gen. Orozco, President Madero's chief lieutenant, has sent the following telegram to the United Press from Chihuahua:

"This state is displaying discontent with the Madero government for not fulfilling revolution promises. Permit me to reserve my personal opinion. I only know that as a soldier I am obliged to die in defense of the constitutional government."

"I understand that news dispatches have been spread broadcast casting doubts on my honor, paid for by my enemies. I expect justification in the Mexican sense of fair play and the judicious opinion of the American people."

"Replying to the charges that my conduct is unpatriotic, I can only say that if loyalty to the constitution, my services to my fatherland without recompense, and a vain yearning to retire to private life, constitute a stain on loyalty, then I am wanting in patriotism."

Terror Reigns in Chihuahua
EL PASO, Feb. 8.—Refugees report a reign of terror throughout the state of Chihuahua. Vasquez and Gomez adherents are capturing towns, and are gaining strength to such an extent that the Maderistas have ordered the federal force to be doubled.

A decisive battle is expected near Chihuahua city in the very near future.

Horrors of War Begin
MEXICO CITY, Feb. 8.—Rebels have captured the towns of Santa Rosalia and Cocoyotla, in the state of Chihuahua. A mob in Cocoyotla is reported to have dragged a district judge from the bench and murdered him. At Santa Rosalia, the home town of the president, three other officers are reported to have been cut in pieces by swords.

Kirk, associate secretary of Arizona, bearing official returns of the elections, all will be in readiness for the President's proclamation announcing the creation of that territory into statehood. The citizens of the territory have expressed a general desire that the proclamation, which will be effective immediately, shall be issued on February 12, Lincoln's birthday.

Ruef's Mother Thinks Son Is On World Tour

SAN FRANCISCO, Feb. 8.—Abe Ruef is to be permitted to visit his aged mother before he returns to San Quentin. Judge Lawlor gave this permission when Sheriff Rogers said it was necessary for Ruef to produce certain papers left at his home.

His old mother does not know her son is a prisoner in San Quentin. She believes him on a world tour.

After granting this permission, Judge Lawlor ordered the Schmitz trial to proceed. Two seats in the jury box are still unoccupied.

In was announced this afternoon that if Ruef goes fully into the "huddle board" of supervisors' work, in connection with the Schmitz case now being tried, when he is brought as a witness, all indictments pending against him, will be automatically invalidated.

If the meeting develops a demand for Roosevelt, he will announce that he is not actually a candidate, but will run for the presidency regardless of his probabilities for success if his services are demanded.

MUNICIPAL PROBE IS NOW UNDER WAY IN CITY OF ANGELS

LOS ANGELES, Feb. 8.—Investigation into the municipal affairs of Santa Monica is under way today by the Los Angeles county grand jury, and several city officials, including Mayor R. H. Dow, Chief of Police E. C. Randall, President of the Council D. L. Berkeley, and Councilmen T. D. Butzer and R. W. Baker have been summoned as witnesses.

Chief Deputy District Attorney Byron Hanna will direct the probe. Mr. Hanna today refused to outline his probable procedure. It is known, however, that the condition and methods of maintenance of the city jail, the city sewer system, and the regulation of liquor licenses will be discussed.

BURGLARS BUSY TUSTIN LAST NIGHT

The Drug Store's Cash Register Was Smashed and \$30 Taken From it

MEAT MARKET GAVE THIEVES NO REWARD

General Opinion is Two Concerned and That They are Novices

Burglars, inexperienced and probably youthful, broke into the Tustin Drug Store and the Tustin Meat Market buildings last night. At the drug store the cash register was pried open and \$30 taken from it. The visit to the meat market brought the burglars no reward.

Both places were entered through back windows. At the drug store the cash register was pried open with a narrow tooth taken from the blacksmith shop. The manner in which it was broken convinced Mr. Milne, the druggist, and the officers that the burglars were novices and unacquainted with cash registers. So far as can be learned nothing is missing but the \$30 taken from the cash register. The thieves left by the window through which they came.

The meat market was entered by breaking a rear window. The proprietor, Lee, had left on money in the place. In leaving, the burglars went out the front door. A boy who sleeps over the meat market heard a noise below and heard men talking after they left the place.

Sheriff Ruddock, Deputy Squires and Constable Jackson were at Tustin this morning looking the matter up. The general opinion at Tustin is that there were two concerned in the thievery.

EIGHT CHINESE DIE IN TONG WAR IN SAN FRANCISCO

SAN FRANCISCO, Feb. 8.—Endeavoring to end the Tong war, which has already caused the death of half a dozen Chinese in one week, the grand jury has indicted six Tong leaders for assault with deadly weapons. Each was placed under \$5000 bonds.

Chinese hatchet men of the Bow on Tong are flocking from Portland, according to the police, to aid the Deid clan in its fight against the murderers of Seid Bing, killed in Portland, and Jew Wai, murdered in Lod. The war is against Hop Sing Tong. Seid Back Sing, a wealthy Portland merchant, is the head of the Seid clan.

HOOSIER GRANDE DAME'S SLIPPERS DIAMOND-STUDED

WASHINGTON, Feb. 8.—Mrs. C. H. Anthony of Muncie, Ind., a winter visitor in Washington, has surpassed Mrs. Nicholas Longworth in unique shoe heels. Mrs. Anthony was the cynosure of all eyes at the White House reception Tuesday night, for all the people are now accustomed to the cut glass heels Mrs. Longworth wears on her evening slippers. They were dazzled to see that the heels of Mrs. Anthony's slippers were studded with diamonds.

The slippers, which were worn with an emerald green gown, trimmed with duchess lace, were of the same lace, and between the meshes of the lace, which also covered the heels, shone the brilliant stones.

Mrs. Anthony has gone Mrs. Longworth one better, too, because she wears the ornate heels on her walking shoes, while Mrs. Longworth keeps hers strictly for evening wear.

Mrs. Anthony wore on F street and Connecticut avenue the other day a brown velvet suit, the heels of her brown velvet shoes being set with rows of brilliants.

THREATS PROVED GROUNDLESS IN ULSTER

Belfast Meeting at Which Winston Churchill Spoke Was Kept in Order by Police

CHURCHILL PLACATED SUFFRAGETTES EASILY

Assured Ulstermen Neither Their Faith Nor Liberty Would be Assailed

BELFAST, Feb. 8.—The threats of death and violence to Winston Churchill, John Redmond and Lord Pirrie if they carried out their plan of speaking here in the interest of home rule, fell flat, although the speakers were subjected to much abuse. Thousands of troops and police preserved order. Thousands of Ulstermen saw their arrival. They shouted epithets when Winston Churchill entered an automobile with his wife. En route to the park, crowds of Orangemen stopped the machine several times, and the police were compelled to charge to permit the passage of the party.

The meeting at Celtic Park was quiet. Although several thousand Ulstermen had gathered, no attempt was made to break up the meeting. While the meeting was going on, Nationalists in the outer sections of the city charged off the Lord Londonderry and Sir Edward Carson, the Unionist leaders.

During his address Winston Churchill was interrupted by suffragettes who demanded to know the government's intention in regard to votes for the women of Ireland. Churchill replied:

"That question can safely be left to the decision of the Irish parliament."

Continuing, he said: "I look forward to the time when the accused machinery by which hatred is manufactured is broken forever. I assure the residents of Ulster that the fears that their liberty will be assailed and their faith persecuted are absolutely groundless."

After his speech in Celtic Park Churchill and Mrs. Churchill were escorted to the station by cavalry. They took the train for Scotland and were entirely unmolested. Ulstermen declared that the fact that the meeting place was changed from historic Ulster hall to Celtic Park prevented bloodshed. If Churchill had attempted to speak in the hall they said that the Orangemen could not have been restrained.

Churchill promised in event of home rule that the Irish parliament would be given responsibility for all financial legislation except old age pensions and land purchasing schemes. Redmond endorsed his position.

MINERS RESCUED FROM LIVING TOMB—GREETED WITH JOY

AMADOR, Cal., Feb. 8.—The sixty-two miners who were entombed in the Bunker Hill mine yesterday, were rescued at 11:30 this morning. They were taken out of their underground prison through the main shaft. None was injured.

Emotional scenes took place when the entombed miners reached the surface. Their wives and mothers wept and embraced them. The men were not hungry, having received bread and ham through the blow shaft, the air suction carrying the edibles down to the lowest levels.

FRIENDS TUNNELLED TO RESCUE OF MEN

AMADOR, Cal., Feb. 8.—Gangs of men are tunnelling to the sixty-two miners imprisoned by a cave-in at Bunker Hill mine. No danger exists. Food and water are given to the men through the pump shaft. Relatives of the miners have talked to them through the air pipes.

Story of the Accident

The sixty-two miners were imprisoned in a cave-in at the Bunker Hill mine, two miles north of Sutter Creek, late yesterday afternoon.

The breaking of the cable of the cage in the main shaft caused the collapse of the supporting timbers of the shaft and the release of tons of earth that completely buried the entrance.

The telephone wires and the air pipes were not injured and the men were informed of the situation.

The imprisoned miners climbed the ladders from the 1800 and 2000 foot levels to the 200 foot level, where they are safe.

J. C. METZGAR IS ELECTED SECRETARY OF BOOST BODY

G. W. Minter Is New President of Santa Ana Chamber of Commerce—Report of Year's Work

At a meeting of the new directors of the Santa Ana Chamber of Commerce last night, J. C. Metzgar, secretary of the Orange County Dried Fruit Association, was elected secretary to succeed J. A. Willson, who has held the position for a number of years.

The new board organized by electing G. W. Minter president, F. H. Case and L. L. Shaw vice-presidents, W. A. Zimmerman treasurer, and J. C. Metzgar, secretary. Minter, Case, Shaw, Zimmerman, J. R. Paine, E. L. Vegely, James Sleeper, L. J. Carden, and J. D. Thomas comprise the new board of directors, elected in January.

Last night the former board met, passed bills and heard the annual report of Secretary Willson. On the old board were: G. H. Dobson, A. C. Black, A. E. Bird, M. A. Yarnell, J. R. Paine, R. R. Smith, L. A. West, G. W. Minter and J. M. Cain.

The annual report follows: Gentlemen:—In presenting my annual report for the year 1911, I have not, perhaps, as many actual achievements to record as may have been included in previous reports, but enough I think to show a continued activity on the part of the Chamber and a consistent policy for the progress of our community.

The first on our minutes is a request made by our Automobile Association asking this Chamber to send in a resolution favoring the clearing of the corner of Fourth and Main streets of standing autos on these corners. The Secretary sent in such a resolution. Dr. Dobson asked that a committee be appointed on a Polytechnic School for Orange County. Committee, Dobson, West, Cranston and Davis. The people of Santa Ana know the result.

The Balloon Route in Orange County perfected through this board, by resolution asking the P. E. Company for the establishment of this route through a committee as follows, Dr. Dobson and H. C. Head.

A committee on Pacific Land and Products Exposition, Los Angeles, March 18th, 1911. Committee: J. M. Cain, C. W. Sheets, W. L. Grubb, O. H. Coulter and A. E. Bennett; the above committee prepared the exhibit and the public is aware of the results.

A special meeting was called to make arrangements to attend the Carnival at Anaheim, a committee, Geo. Minter, was empowered to get Wat- tie's tally-ho and have the same decorated. Mr. Minter secured the tally-ho and had it handsomely decorated and the Board with some ladies went to Anaheim and made a fine showing.

STANDARD STOLE \$60,000 FROM BANK

Boy Thief and Girl Wife Escaped With More Than \$20,000 in Suitcases

LEFT LOS ANGELES WITH \$20,000 IN SUIT CASE

POMONA, Feb. 8.—Following the issuance of a warrant charging Earl Standard, the missing employee of the American National Bank with felony embezzlement, the bank officers have offered \$500 reward for his capture. Burns men are trailing him.

LOS ANGELES, Feb. 8.—Following the Standard left the Rosslyn Hotel, in Los Angeles, they went straight to the Farmers and Merchants' National Bank, where Standard checked out \$20,210, all but \$90 of his account. He stowed it away in a suitcase, where, undoubtedly, he already had a considerable sum.

E. S. Gatch, national bank examiner, finished his investigation today and pronounced the bank solvent.

The officers decline to give to the public the total of Standard's thefts. It is known that in the one month of November he increased his own account in the Los Angeles bank by \$9000; one day he put in a total of \$5000 in checks, and covered his tracks as usual through the advance he had in being clearing house clerk as well as bookkeeper.

ALTON PARKER SUCCEEDS DARROW

Has Been Secured to Defend 32 Laborites Indicted in Dynamiting Probe

IRON WORKERS REFUSE TO RAISE DEFENSE FUND

Speculation Rife in Los Angeles as to Developments in Dynamite Cases

Alton B. Parker, the Democratic presidential candidate against Theodore Roosevelt, will attend the thirty-two laborites indicted here, according to information by laborites who expect to be indicted.

Union officials here say no concerted effort will be made to raise a fund to defend the indicted leaders. The ironworkers already have \$3,000 in defense money, and this will be used. Copies of the indictments have been mailed to every city where the accused men live.

SPECULATION RIFE AS TO TEND OF EVENTS

LOS ANGELES, Feb. 8.—Speculation is rife today as to the probable results of the renewal of the probe into the so-called dynamite mysteries by the county grand jury, now in session.

Following the voting of 32 indictments by the federal grand jury in Indianapolis, it was persistently rumored that there might be some connection between the results of that probe and the intention of the local inquirers. It was reported further that certain local labor men might have been named in the Indianapolis true bills, and may be taken to the Indiana capital for procedure.

The presence in Los Angeles of Orville McManigal, confessed dynamiter, may have been brought about for two reasons. It is stated that he was brought here to testify in the trials of men indicted by the grand jury. Another angle was offered, however, by the statement that he might again be called upon to go before the probes in connection with a further inquiry into the affairs growing directly out of the McNamara trial. Officials of the district attorney's office are silent on the latter point.

MAN AND WIFE ARRESTED ON CHARGE OF LARCENY

LOS ANGELES, Feb. 8.—C. M. Pettit and wife, arrested in suburban apartment, will be held in the county jail pending advices from Everett, Washington, where the couple are charged with the larceny of \$2900. It is alleged they secured the money from Mrs. Hattie Martin, a lodger, while Martin was in Minneapolis. Women friends have maintained the couple's innocence and are attempting to raise bail.

PROSECUTION RESTS IN THURSTON WILL CASE

SAN DIEGO, Feb. 8.—The contestants in the Thurston will case have rested. When George L. Patterson's attorney announced that they had no more evidence to offer, the court was visibly surprised. Patterson is attempting to break his mother's will which leaves her property to the Point Loma Homestead.

SEC. NAGEL IS ONCE MORE IN LINE FOR THE SUPREME BENCH

WASHINGTON, Feb. 8.—The existing vacancy on the supreme court bench, the fifth in the present administration, probably will be filled by the appointment of Secretary of Commerce and Labor Charles Nagel of St. Louis.

United States Judge William C. Hook of Kansas, who until last night was most prominently mentioned for the vacancy, is said to have been eliminated from further consideration at an hour's session of the cabinet today.

This report was so generally credited tonight that rumor was busy with a possible successor to Nagel in the cabinet. Louis Marshall of New York and Julius Rosenwald of Chicago, were mentioned among those who would be considered by President Taft.

LYONS IS VERY ACCUSE SILVAS MUCH ALIVE OF KILLING TODAY MAN

Declines to be Identified as
the Man Who Committed
Suicide

Mexican Who Lived Here Ident-
ified as Hold-up Man of
El Monte Highway

The man who threw himself under the wheels of a Santa Fe engine at Richfield on Jan. 19 may have been named Frank Kelseath, just as he wrote in the memorandum book found on his body. The day after the man was killed a Pasadena man named J. W. Pickering came here and identified the remains as those of J. C. Lyons, who had roomed at Pickering's house at Pasadena. Now comes the following from Pasadena: PASADENA, Feb. 8.—J. C. Lyons, who it was announced was the man who, after writing a farewell message in a diary, committed suicide January 17 last by throwing himself under a moving train near Santa Ana, yesterday afternoon walked in to the office of Chief of Police Wood and declared that he was alive. Chief Wood stated last night that there is no doubt that his caller is the real Lyons.

The man who, on January 21, in a Santa Ana morgue, "identified" the body of the suicide as that of Lyons, is J. W. Pickering, who conducts the Raymond Villa, a boarding house at No. 274 North Raymond avenue.

Confronted with the living Lyons, Pickering yesterday had to admit to Chief Wood that it had been a case of mistaken identity. After saying this he cloaked himself in silence and would not talk to newspaper reporters last night.

Lyons was lodging at Pickering's house and disappeared a short time before the suicide occurred. Pickering suspected that the dead man might be his missing lodger and visited Santa Ana, telephoning to the Pasadena police news of the "identification."

The strangest part of all is that Lyon is now living in Santa Ana, and declares that he was living there at the time of the supposed identification on a slab in an undertaker's rooms.

MORE LIGHT ON THE WATER COMPROMISE BETWEEN RIVERSIDE & ORANGE CO.'S

Two of the men in this photograph holding their hands up were Steele and Bangle. They are firmly convinced that Budd got the idea of the hold-up that followed from this picture. It was taken at a First street gallery in this city.

Sepulveda's chase of Budd has carried him all over Southern California. Last week he found that Budd had parents in Santa Ana. He hurried down there only to find that the fugitive had gone. Then he got track of Budd down in San Diego county and then along the coast until he finally found him in San Luis Rey, and had the sheriff of San Diego county help him round the man up.

Bangle called at the county jail yesterday afternoon and identified a watch found on Budd when arrested as that stolen from him on October 4. Other property found on the prisoner has been identified as belonging to Steele.

SOON BEGIN WORK ON AN OIL PIPELINE

Anaheim Gazette: The Anaheim Union Water Company will shortly begin construction of a four mile pipe line from the La Habra reservoir site to Placentia, where it will deliver its oil to the Kellogg Oil Company, which it is said is a Santa Fe subsidiary. The pipe will be four inches in diameter. A 20,000 gallon tank will be erected at Placentia, where oil will be put on the cars. The pipe line will cost \$10,000.

The pipe line is made necessary by signing a contract with the Kellogg company for five years, at an advance of five cents per barrel over rates now paid by the Amalgamated company.

The water company's present contract with Amalgamated extends for only thirty days, when renewals are necessary. Thus it appears that the Amalgamated may if it is so disposed lower the price at the end of thirty days, and it is to be relieved of this state of affairs that the pipe line will be constructed.

Application to the Union Oil Company to ship oil over its lines was met by refusal, the Union holding that if it transported oil from other companies it would become a common carrier, and thus it objected.

A large amount of oil is being now pumped by the Amalgamated. In January the water company received \$4000 as its royalty, and it is held this monthly return will continue during the year, with a probability of increase when wells now drilling are put on the pump.

OFFICERS KEEPING A CLOSE OUTLOOK

Anaheim Gazette: Deputy Sheriffs Squires and Jernigan were in town from Santa Ana on Saturday in consultation with Marshal Kellenberger and Officer Germann. These officers are close on the trail of the three masked robbers who recently held up the Belmont saloon here and robbed the proprietor of \$400. They are also suspected of doing the Newport Beach bank robbery some weeks ago, in which they dropped \$2600 when Billy Hall began shooting at them. They are also suspected of the robbery of the Newport Beach bank five years ago last December, as well as the robbery of N. Hart's saloon about the same time. They went north and robbed a bank, were arrested, convicted and sentenced to seven years in San Quentin. By good behavior they were released in five years.

They were seen in Los Angeles some days before the Newport bank robbery. Sheriff Ruddock and his deputies are right after these men, and arrests may be looked for in the near future.

"These men will probably pay the county another visit if they are not apprehended," said Deputy Squires. "They may pull off a big job one of these nights, but we will get them sooner or later. They are out of our reach now, but we are going to land them."

In a communication to the Riverside Press of the 5th inst., Bradford Morese discusses the water rights compromise between the Riverside Water Co. and the Orange county companies as follows:

Editor Press: Permit me to "point out some errors" in "Cuttle replies to City Council." He says: "The report states, referring to Judge Conrey's decision that it is likely to be upheld," and remarks: "It would be interesting to know where those gentlemen got the information that the supreme court would uphold Judge Conrey's decision." Answer: We got that idea of it from an attorney of the Riverside Water company and from other attorneys. Again, he states "that 3080 is the minimum amount of water allowed the Riverside company by the compromise, and that the committee says that it is 2910." Now the average of 3080 inches for four months June, July, August and September less the 100 inches that go to the Trujillo ditch is 2980 inches for Riverside, but if the company takes in June its option of 3300 inches and in July of 3200 inches there will be left for August and September a daily allowance of 2910 inches, less the Trujillo ditch 100 inches leaves 2810 inches—even less than the committee stated.

Again, quoting from Judge Conrey's decision: "that the owners of land containing percolating water are entitled to use such water upon other land" "provided such lands are within the watershed of the river." He asks: "that being the case what is to prevent the Riverside Water company from pumping percolating water from its land and using the water?" Answer: There is the stipulated decree entered of record in the Orange county superior and U. S. court to-wit: "It shall be provided in the said decrees that defendant Riverside Water company be enjoined from diverting any water in excess of the amount of water hereinbefore stipulated and agreed that it may divert from the sources and in the order hereinbefore provided." That will prevent it.

In 1910 the alfalfa ranch that I owned, next to Mr. Cuttle's orchard with many other owners of land from Auburndale to Colton, had been included in the complaint filed by the Santa Ana company and that fact made it a live issue with me two years ago, and I endeavored to grasp the points for defense and to get some idea of the probable result. Consequently I asked some questions from competent attorneys. So when the decision of Judge Conrey came out I hoped (as Mr. Cuttle seems to hope) that it would wipe out some of the stipulated conditions, but the attorney told me "that if the people were foolish enough to sign away their rights they could do so and not get them back. Only the bondholder was not bound."

Again: Mr. Cuttle quotes from the committee's report: "There is no provision of annulment under any conditions," "we think the city as a stockholder can and should by proper proceedings have reviewed the action of the board of directors of the Riverside Water company in permitting this stipulation and decree." The committee in that used the very

words of Attorney Houghton in the communication in the Press of January 20th where he says "the stockholders of a company if dissatisfied with the action of its board of directors in connection with the management of a litigation or any other features of its management, can by proper proceedings have reviewed the action of the board of directors." The city being a stockholder and having the interests of its people to protect can and should ascertain if there is a possible chance to overturn this decree.

When the directors in November proposed to sell the domestic system and 500 inches of its developed water for \$660,000 to the city they made it subject to ratification of its stockholders. But when they stipulated away for nothing all claims to about 2980 inches of water for the four dry months, when their filings and former carrying of 5000 to 8000 inches were of record, no mention was made of it for a long time. Why was not the approval of the stockholders then asked for?

When I learned from two other defendants in that complaint who had secured dismissals upon conditions satisfactory to them, that upon their inquiry of Mr. Cuttle's lands would be dismissed, they were informed that his case was agreed to be settled when the Riverside Water company's stipulations were made, I thought I could see why there was nothing said about it.

Where did the management of the Riverside Water company find a precedent for enjoining itself from doing something that it had a perfect right to do in protecting its stockholders and caring for and developing its property in the interest of its stockholders and the whole community? If the company should take a few inches in excess of the stipulated amount they would be in contempt of court and liable for damages.

Mr. Cuttle seems to think that this committee's report was designed to affect the stockholders' votes on the water company bonds. The committee answered the questions referred to them and suggested the action pointed out by the attorney of the water company that might show a possible remedy for a very serious danger.

OLINDA HOME WAS DESTROYED BY FIRE

Fullerton Tribune: The homes of A. C. Gale and E. J. Murphy were destroyed by fire Sunday at Olinda, the fire starting from a defective flue, it is thought, in the Gale residence. The neighbors at the oil wells made a heroic fight to save the Murphy residence but were unable to do so. Claude Devard, Frank McBride and Ray Edmunds were painfully burned. But for deficiency of water pressure it is probable that the volunteer fire brigade that hastily formed would have been successful in its work.

OVER A HALF MILLION VOTES HAVE BEEN POLLED THIS WEEK

Miss Mildred Curtis and Mrs. C. C. Ramsey Cast Enough Votes to Take Their Places Among the Roll of Honor Candidates.

The third week of the Register's mammoth contest opens with snap and ginger. It will be the banner week of the campaign. Just eight days of the triple vote skirmish are ahead of you and when the smoke of the battle clears away each day with the sinking of the sun, be sure in your conviction that you have won the day. Pile victory upon victory day after day during the remainder of the big triple vote season, and you will have no cause for anxiety when the judges are reeling off the final count. Three subscriptions now on the yearly basis will land you just as many votes as nine will during the last week of this contest, and NOW, while you have practically a clear field, you'll find subscriptions twice as easy to secure as you will at the last of this contest when the field has been done to a whisper.

Over 150,000 Votes Counted Today That the candidates have started a battle royal for triple votes is evident from the steady stream of ballots that poured into the ballot box yesterday. Two candidates broke loose from the lower ranks to take their positions with the ROLL OF HONOR candidates.

Miss Mildred Curtis cast the greatest number of votes of any one candidate today, which was over 48,000. This increase gives Miss Curtis a grand total of 75,115 votes.

Mrs. C. C. Ramsey polled enough votes today to place her name among the hustlers. She has passed the 75,000 mark and is only a few thousand votes behind the leader of today.

Mrs. N. E. Todd broke all records today in polling five vote coupons. When the ballot box was opened this morning the contest editor found over 3000 votes to be counted to her total, which places her in the lead of the entire contest.

Mrs. Sam Preble holds second position and is a steady and persistent candidate. Mrs. Preble was one of the first candidates to pass the 75,000 mark and enter the ROLL OF HONOR.

Mrs. J. H. Harvey is another of the Register's most active candidates. She has 76,270 votes to her credit and always has a receipt book in her possession.

Miss Lula McKenzie holds fourth place in the battle for ballots and has been steadily increasing her numbers since the beginning of the contest.

Mrs. Louise Berneike is one of the Register's most enthusiastic candidates and her standing in the campaign bears evidence that this popular candidate is in the contest in earnest.

Miss Lillian Yaeger, who was at the bottom of the list a few days ago, has leaped into seventh place and her many friends are watching her progress with growing interest.

Mrs. J. Leslie Swope of Anaheim, was the last candidate to enter the race. Mrs. Swope's friends are interested in her campaign and hope to see her hovering around the Royal Seat.

Miss Helene Davis of Garden Grove, Miss Edith Stearns of Tustin, Mrs. Robert Speicher of Fullerton, Miss Pauline Jacobs, Miss Elsie Morrow, Miss Mae Walton, Mrs. G. W. Mayes of Santa Ana, and Miss Itasca Craig of Westminster, are others among the popular candidates in the Register's contest; and with the five weeks that are ahead of them, and the TRIPLE VOTE OFFER that is in effect between now and Feb. 17th, they should take their places among the leaders at any time.

The best and the quickest way to prove to your friends that you are going to win is to have 75,000 votes opposite your name and be placed in the ROLL OF HONOR.

AMUSEMENTS

"The White Sister"

THE ORANGE COUNTY CONSERVATORY OF MUSIC

Starting with high ideals as to what a music school should provide for its students in the line of thoroughly rounded courses, academic and amateur, modern equipment, the newest and most efficient technical methods, the inspiring of certain definite ambitions towards the acquirement of truly artistic expression, the development of the highest individuality of the pupil, Mr. Gustlin has, in the comparatively short time since the organization of his school, attained results quite beyond his first anticipations.

Every passing week has marked a notable increase in attendance, a new enthusiasm on the part of pupil and public. Surely only merit itself could anticipate such progressive strides as this successful school has made.

One is not surprised, however, to find so hearty and general a response on the part of the public upon a closer investigation of the methods, business as well as artistic, of this excellent institution. In a comparatively few years it is bound to occupy an enviable position among schools of its kind in this or any other country. Its founder cherishes the dream of a splendidly appointed future home to which students from far and wide shall be attracted to pursue that noblest of the arts, MUSIC, in an environment whose ideality can scarcely be equalled, to say nothing of excelled.

Every true citizen of this community will heartily join in the anticipation of such an ideal, and render every support toward its realization.

The three scholarships in this Conservatory which are offered as subsidiary prizes in the Register contest are distinctly worth working for. Meanwhile you should acquaint yourself with the departments and work of the Orange County Conservatory of Music, either by a personal visit or through its catalogue, which will be sent on application.

Two Scholarships in the Orange County Business College—Value \$65.00 Each

When the splendid reputation of this institution is considered, and the value to be derived from a course of training in it is taken into account, these two prizes can be more fully appreciated.

WHAT AN EDUCATION MEANS
Education is power. When once acquired, it is capital which cannot be lost. There is no other investment so safe, or that gives so large returns, or that promotes one's own welfare to so great an extent as education.

The difference between an educated and an uneducated man is very slight, but that slight difference amounts to a very great deal. The man who can do only common labor, and, therefore, command only meager wages, is the uneducated man. He never has been and never can be, so long as he remains thus unqualified, the conductor of any great enterprise. The great business man who is so much admired because of what he does, was once uneducated, but has risen, by acquiring an education, from the position occupied by his unlearned brother to one of greatest importance. As man becomes highly and more highly educated, he gains greater and still greater freedom, his chances for success increase in geometrical ratio and his future becomes more and more certain.

Young people should consider this, and try to acquire marketable knowledge, so that their services will be in very great demand. The earning capacity of money is rapidly decreasing all over the world, but never before was the earning capacity of brains so great as now. Competent men in every walk of life draw larger salaries than were ever paid before, and there is every reason to believe that their salaries will continue to grow larger and larger. The success of every great man of today is founded upon education; how, therefore, can any one afford to blight his whole future by neglecting something so easily acquired?

care could we yet retain our worldly goods.

We may have a hazy idea of what a renunciation of worldly pleasures it has meant to attain that spiritual peace, but seldom are we brought

face to face with the soul's struggle, rarely are we allowed to look beneath the veil and see for ourselves the mighty fight many of those now placid-faced sisters have waged against their hearts and their own passionate natures.

Just such a struggle between love and duty is depicted in "The White Sister," a wonderful dramatization of F. Marion Crawford's thrilling novel of the same title, which is to be given at the Grand Opera House next Saturday evening, February 10, by Miss Jeanne Tower, who is known as one of the most beautiful emotional actresses of the present day, accompanied by a strong supporting company.

Miss Tower as Sister Giovanni is superb. Beautiful and appealing she sways her audiences in her splendid portrayal of the young Italian maiden who, believing her soldier lover killed in battle, seeks the solace of her Mother Church, only to later find him living. She is confronted by her lover, young, handsome, insistent. Then comes her battle between her spiritual love and earthly passion. Her great love for all mankind helps her to the solution of the difficult problem.

"The White Sister" is F. Marion Crawford's latest and best novel and the dramatization is a faithful portrayal of the author's conception of this soul-stirring theme. It is a play that no man or woman should fail to see, irrespective of their religious beliefs.

U. S. STANDS PAT FOR OPEN DOOR IN CHINA

Germany Joins U. S. in Working for This End—Secret Loans to be Prevented

WASHINGTON, Feb. 8.—Secretary of State Knox, in a note to the German Ambassador today, makes public the fact that the United States has insisted on the reaffirmation of the open door policy, whatever may be the fate of the present Chinese empire.

The Knox note is a warning of hands off to all the powers that seek special aggrandizement in China. It is asserted on the highest authority that Secretary Knox's declaration is intended to prevent secret loans of vast sums of money to either political party in China, which would give a practical lien upon the new government.

The United States government has now formally declared that there shall be equality of opportunity even in the matter of loans, and that it is the duty of every government to so inform the various syndicates which may be trying secretly to obtain a preponderating influence in the affairs of the coming republic.

It is regarded as significant that Germany and the United States are working together for this reassertion of the open door and that it was these two governments which first saw the necessity of forcing the other nations of the concert to adopt the policy which Secretary Knox now proclaims.

13 YEAR OLD LAG SAW WORLD ON \$7

Gone for Week—Family Anguished—Visions of Black Hand—Prodigal's Return

CHICAGO, Feb. 8.—Visions of Black Hand reprisals and all the phantom terrors connected with the Italian-American bugbear were dispelled and peace again reigns in the family of Giovanni Maggiora, for Antonio, the 13-year-old son of the house, is at home today instead of lying stark beneath some suburban snowfield.

For more than a week the entire police force of Chicago has searched for the little Italian boy, whose parents attributed his disappearance to the "Mano Nero."

"Dio mio!" shrieked Signorina Maggiora, and fainted, when her small son strolled unconcernedly into the family home and asked for dinner.

Antonio explained carefully that he had been out "having a good time." He had saved up \$7, and had decided to see a bit of the luxurious side of the city. He laughed when kidnappers and the Black Hand were mentioned. And the police who searched vainly for a week for a lad who was wandering about under their very noses, have been recalled for another emergency.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Santa Ana who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Wheeler and Mateer Drug Company, 104 West Fourth street.

TAFT GETS BUSY IN SEC. WILSON CASE

Orders all Documents Sent to Justice Department—Sec. Wilson to Testify

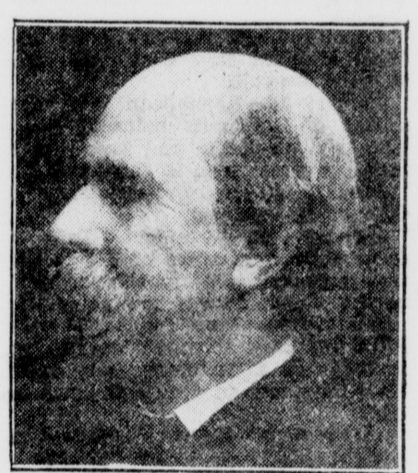

WASHINGTON, Feb. 8.—The administration yesterday took a hand in the case of Representative Clark of Florida and Bathrick of Ohio against Secretary Wilson and Solicitor McCabe, of the Agricultural Department, charged with suppressing adverse reports of projects of Florida land speculators. All the documents in the case were ordered sent to the Department of Justice. There an investigation will be made for the benefit of the administration, which does not intend to permit a cabinet officer to be incriminated by Congress without knowing all about the case.

Meanwhile arrangements for the House investigation had been perfected and it was announced that Secretary Wilson would be called as a witness. Solicitor McCabe issued a statement in which he accused Clark of trying to mislead the public and asserted that he had caused the discharge of Engineers Elliott and Morehouse, the action that had caused all the trouble, because they deliberately falsified accounts and afterwards confessed that they had done so.

The question of collusion between postoffice inspectors, whose duty it is to look into possible fraudulent advertisements, and officials of the Department of Agriculture involved in the suppression of correct reports on the Everglade lands will be probed by the House committee on expenditures.

LET WOMEN HELP

A suggestion was made by Superior Judge Benjamin F. Bledsoe at the Highland Chamber of Commerce banquet recently which should be floated down the Santa Ana the first time we have a "freshet" and adopted by the Santa Ana Chamber of Commerce. It was to the effect that women be admitted to membership in the civic body and given a voice in the management of it.

The Redlands Facts wants this suggestion ferried across the "wash" and adopted. It says:

"The Redlands organization has always had a number of the women of the city as members, generally ladies who own property and manage their own affairs. It is not likely that any large number of women who are housewives would care to affiliate with the Board of Trade and become active in the management of the organization. One member from a family is generally as much as the Board of Trade asks. But there are a number of women who are independent of any 'men folks' who ought to be members, and who ought to be more than that—some of them should be directors.

"There is a department of work in the Board of Trade which might well be helped by the presence of cultured and energetic women. They could serve on the reception and entertainment committee with much benefit at the times when distinguished visitors come here, many times accompanied by their ladies. Matters relative to street adornment, park improvement, school advancement, musical culture, and even of hotel promotion, would benefit by the suggestions of the women, based upon their intuition and their knowledge."

GIVE THE HAND SIGNAL

A friend has called the attention of the Redlands Facts to the fact that automobile travel would be safer for everybody concerned if the drivers of cars would adopt the practice of throwing up a hand just before making a turn at a street corner, thus giving notice to traffic in the rear that the turn was contemplated. That is a requirement in many parts of the east and middle west, and all over Europe, and it is a useful preventive of accidents.

Everyone who drives an automobile knows the care necessary in making a turn at a street corner, that no one shall bump into him. Sad to relate, some know it, but pay little attention to it, whirling around the corner at high speed. The danger is not as great in the down town section where everyone obeys the traffic regulation of keeping to the right, so there is no one in such position that a collision is likely, but out on the residence streets, where but little attention is paid to this rule, there is often great danger, and many narrow escapes have been recorded—or if not recorded, at least experienced.

If a driver will but throw his hand up for an instant before making a turn—his left hand if he is going to the left, and his right hand if it is his intention to turn in that direction—ample warning will be given traffic coming behind and precautions can be taken to avoid a collision, in case anyone is following close. Furthermore, and principally, in case of damage growing out of such a collision, the giving of the sign will be evidence against the other fellow.

the orange grovers have a special grievance for reversing the order of the interstate commerce commission reducing the freight rate on lemons. In a letter to the San Bernardino chamber of commerce, Mr. Needham says:

"I have your letter of recent date in regard to the abolition of the commerce court. I am in entire sympathy with the purpose you desire to accomplish. I think the interstate commerce commission, as you suggest, should have the rate-making power, and that appeals from the commission should only be upon matters of law. In fact, that is the only power that the commerce court has now, but it has taken to itself jurisdiction which it seems to me cannot be fairly claimed for it. My own opinion is that the United States supreme court, when it reviews the act of the commerce court, will probably reverse its action."

Work has been begun on a canvass of Fresno county to secure signatures to petitions for a local option election. The temperance forces are planning for a vigorous campaign and it is believed that more than a score of saloons will be closed as a result of the vote in the several supervisorial districts.

BEAUTIFUL OPERA OF LAKME AT GRAND

Manager Ulm Honored by Big Audience—Fregoleska Star of Production

Manager Ulm must have been highly gratified last night at the loyal response to his efforts to give the best in opera and dramatics to Santa Ana. For surely the large and brilliant audience that greeted the Grazi Paris Opera Company last night in its presentation of "Lakme" (Delibes), was the best sort of evidence that he is being royally supported in his public spirited movement for higher amusements.

The audience numbered many of the prominent members of the social and business life of Santa Ana. Many parties were made up for the evening and evening dress largely prevailed.

Of the operatic presentation itself, there were brilliant passages both in chorus and solo work, but it must be confessed that there was disappointment over the smallness of the company, the stage setting and costuming and the more or less mechanical support of the stars. The orchestral work was very good, the batonless conductor leading the players with skill through the intricate and charming music of Lakme.

The star prominently of the cast was Mme. Fregoleska, the petite and winsome possessor of a silvery soprano that soars in thread-like sweetness to altitudinous regions. Her acting, not approaching the quality of her lovely voice, was pleasing. Her duet with her slave Mallika, "Neath yon dome where jasmynes with the roses are blooming" was the most pleasing number of the evening next to the beautiful bell song where Mme. Fregoleska was supreme, receiving enthusiastic plaudits.

Gerald, the English soldier-lover of Lakme was sung (according to the program) by M. Simondet, whose singing in duo with Lakme was delightful. The southern part of Nilakantha, the Brahmin priest, was played with real strength, the singer, M. Demangane, having a voice of sonorous power.

The minor parts were acceptably taken, and the singing of the chorus was spirited, the voices blending in powerful harmony, especially pleasing in the opening number.

ANNIVERSARY LUNCHEON

Woman's Club Celebrated Its Twelfth Birthday With Joyous Social Function

A more enjoyable social function than that held under the auspices of the Woman's Club, on Tuesday, very seldom transpires. It was the celebration of the twelfth birthday anniversary of the club, and the ladies were entertained at the lovely home of Mrs. Asa Vandermast, 1103 North Main street.

Red and white carnations, stately calla lilies and graceful ferns, touched with golden sunshine, combined charmingly with the handsome furnishings, while the genial hand clasps of the hostess and her assistants, Mesdames Leslie and Gould, made each feel truly welcome, as she entered the parlors.

The table decorations, which were carried out in the club colors, violet and white, consisted of flowers and ribbon streamers. Covers were laid for forty-five. The sumptuous chicken dinner, with salad, pickles, jelly, etc., was served at one o'clock, under the management of the very efficient refreshment committee, Mesdames Diers, Young, Ely and Uttley.

After full justice had been done to the repast, with Mrs. Crose presiding as toastmistress, whose introductory remarks were an inspiration to everyone, very meaty and gratifying toasts were given.

We have made a beginning in the matter of inaugurating grand opera upon our local stage and given ample proof of our willingness to patronize it. The applause and enthusiasm of last evening evidenced an appreciation and understanding of the better features of the performance, too. The general oriental character of the music perhaps did not appeal to all, but there were sublime moments that everyone could appreciate. The voices of those in the leading roles were unusually fine, much superior, in fact, to that of singers often found on the best known European stages. The exquisite quality and expression of certain voices heard last evening must long remain delightful memories that will well atone for the deplorable deficiencies in the chorus, orchestral and scenic features.

However, if a continuation of our patronage of local grand opera is to be expected, it must more nearly coincide with its advertised representations. Besides, there is little reason why we should not have Los Angeles prices or those very slightly advanced.

AT SAMSON HOME

Buddha and His Religion Were Discussed by Ladies of Mission Society

Over fifty ladies were present yesterday afternoon at a very pleasant and interesting missionary meeting of the United Presbyterian church held at the home of the pastor, W. L. C. Samson, 216 Orange avenue.

After the devotional service led by Mrs. A. J. Smiley the program which was on the general subject of "Buddhism" was opened by Mrs. J. T. Raitt who had as her topic, "The Best Things in the Religion of Buddha." Mrs. Prince's subject was "The Buddhist's Conception of Heaven." In the absence of Mrs. McGee, Miss Sarah Finley read a paper on "Transmigration." Mrs. Fields read an article on "The Spread of Buddhism."

The secretary called the roll which was answered by names of missionaries of India, the roll call ending the program. After some business had been attended to a social time was enjoyed. Several strangers were present who embraced the opportunity of becoming acquainted. Mrs. Samson was assisted in entertaining by Mrs. Emma and Maggie Iseley, who served tamales, sandwiches and coffee. The next meeting will be held at the home of Mrs. Prince, 702 Hickey street.

Delightful Evening

The monthly business and social meeting of the Philathea class of the M. E. Church, South, was held Wednesday evening at the home of Miss Nora Morris on West Second street. The Misses Lottie Morris, Pearl Melton and Lillian Hayes assisted her in making the affair a grand success.

Those who came early were entertained by some beautifully rendered musical numbers, until most of the girls had arrived. After a short business meeting the class adjourned to the dining room where hot tamales, delicious, fragrant, aromatic, served with spicy home-made catsup and crackers awaited them.

The rest of the evening was given over to gymnasium stunts in which everyone, under the leadership of Miss Mary Hallmark and Miss Mary Jones, took part.

Those present were Misses Maud Jones, Mary Jones, Mary Hallmark, Ora Dunning, Opal Hughes, Naomi Summerland, Lela Sebastian, Mamie Kirk, Minnie Phillips, Mabel Blodgett, Ethel Slocom, Cora Seifert, Hazel Glenn and Mignon Greenleaf.

Patriotic Program

The regular monthly meeting of the Santa Ana "Y's" was held last evening at the home of Mr. and Mrs. C. W. Burns.

The devotionals were led by Miss Elsie Clark. A short business meeting was held, during which a nominating committee was appointed. The yearly election of officers coming on the first Wednesday night in March. A program on patriotism was given as follows:

"What is Patriotism?"—Mrs. Hill.
"Why Was Washington Patriotic?"—Mr. Roy Phillips.
Discussion.
Lessons from the Life of Abraham Lincoln—Mr. Guyer.

Early Life of Miss Frances Willard—Miss Hamaker.
Miss Willard's Life Work—Miss Edna McMurphy.

Two Valentine games were enjoyed, in one of which each person was required to write an original poem. These proved very interesting as well as amusing.

Refreshments of popcorn and candy closed a very pleasant evening.

Helping Hand Society

The regular monthly business and social meeting of this ladies' society of the First Baptist church was held yesterday afternoon at the pleasant home of Mrs. Maryatt on Chestnut avenue. There was a large attendance, there being more than sixty ladies present. These meetings have grown to be very popular.

The Maryatt home was profusely and prettily decorated with smiles and red hearts in honor of the approaching Valentine season. After work and business had been disposed of, several merry Valentine games were played. Duets sung prettily by Miss Helen Austin and Miss Cowles delighted the company. Following the music and games, dainty Valentine refreshments were served by the hostess.

Miss Allen to Speak

Today Miss Anna F. Allen of Brousa, Turkey, is the guest of the Congregational church and this evening she will speak at the prayer meeting on "Conditions in Turkey."

A social hour will follow the meeting. Everyone in Santa Ana is cordially invited to hear Miss Allen and meet her afterward. She is a most entertaining and interesting speaker.

bered by the guests on that happy occasion. Toasts, to "Our Great Grandmothers" and The P. K. girls, were responded to by Mrs. Albee and Miss Kimball.

An original selection by Mrs. Hutchins, "The Robbin's Nest," created much merriment. After a bounteous dinner, and songs and fun, the guests departed, voting Mrs. Stanley an ideal hostess. Those present were Mesdames Towner, Hutchins, Anderson, Hutchins, Albee, Judd, S. A. Maganey and Mrs. Bill and Miss Kimball of Garden Grove.

Lansdowne-Moore

Wednesday afternoon at the Christian church, in this city, Rev. Mr. Paul E. Wright, spoke the wedding service for Mr. J. Carnot Lansdowne and Miss Jessie Moore, both of Los Angeles.

Mr. Lansdowne is a cousin of Mrs. S. S. Clark of this city, and the young couple, thinking their secret closely guarded, planned it as a surprise on the Clark family, but a little bird with swifter wings than Cupid had preceded them a few hours to Santa Ana and on the arrival of the bride and groom at the Clark home it was their turn to be surprised, as they found their relatives in possession of their secret and a dinner awaiting them.

Mr. and Mrs. Lansdowne will return to their home in Los Angeles today.

Postponed Meeting

The meeting of the Young Ladies' Travelers' Section of the Ebells has been postponed until the last Wednesday of the month, Feb. 28.

A wagon for those without conveyance will leave the church at 7:30 p. m.

The Athena Club of Santa Ana High School

The Athena Society is probably one of the most helpful of all high school clubs. It is named after Athena, the Greek goddess of music and wisdom and this year more than ever before, it is fulfilling its ideal of a musical and literary club. This society trains the young high school girls to have self-poise and also broadens them intellectually.

The programs are varied, the executive committee trying to have every member take part in at least one meeting during the year and do what she can. Room is given over to the club and regular meetings are held on Wednesday of every two weeks. It is hoped that there will be a room in the new high school devoted exclusively to this literary society, as the present room is too small to comfortably accommodate the members. They will all enjoy having a new home and will take great interest in furnishing it, thus surrounding themselves with those things that have a refining influence.

Besides the regular meetings since September the club has had one special afternoon meeting to welcome the new members. Interesting games were played and refreshments served. Also there have been two evening meetings, one of which was held January 15. This was in the form of an entertainment given by the Misses Medlock, Everett, Thomson and Wiant, who showed pictures of their European travels by means of a postcard projector. Miss Medlock gave a very interesting account of the Passion play as she showed pictures of it. There is to be another one of these entertainments soon, European giving place to American views.

The other evening meeting was held January 19 in the high school, and was the annual Athena masquerade. A general good time was expected and no one was disappointed. The costumes were all fine, some being comic, others grotesque, some handsome. A prize was awarded Linn Yarnell for the most beautiful, she representing a Spanish dancer. Also one was given Grace Peterman for the most original. She wore the costume of a blindman and carried the typical violin. Delightful refreshments were served, cafeteria style and the evening closed, all feeling they had had a royal good time.

The Athena programs have been enriched by readings from Misses Taylor and Wilson and Mr. Phillips;

music by Mrs. Coleman and Miss Harrison, accompanied by Miss McFadden. One of the novel features of yesterday afternoon's program was "Yankee Doodle" played by William Cleveland after the manner of Grieg, Tchaikowsky, Brahms, and Listz. A short account of each musician was read by Alberta Black.

This year the membership of the Athena consists of about one hundred of the high school girls, who are by means of the society being trained to take their places as leaders in civil, social and church affairs.

Pleasant Surprise

On Tuesday afternoon a merry crowd of her friends gathered at the home of Mrs. A. Schrott, 915 East Chestnut avenue, giving her a pleasant surprise. They took with them a goodly supply of refreshments and a jolly time was enjoyed by all.

Those present were Mrs. Mark Baker and children, Harriet and Marion; Mrs. Robert Brown and daughter, Isabelle; Mesdames Frank Thompson, John Dille, George Jamar, Kraschel, Hattie, Ruby, Enos and Burton Kraschel.

Proposed Lecture Course

Those desiring a course of Current Event lectures by Mrs. Lou V. Chapin are asked to kindly phone Miss Stella Preble, Tustin.

Birthday Anniversaries

The public schools will honor the birth of Lincoln with exercises between the hours of 11 and 12 Monday morning.

A cordial invitation is extended to all who care to attend and especially the school children. Program free. At the close of the meeting light refreshments will be served.

Valentine Social

The Senior League of the Methodist Episcopal Church, South, will give a Valentine social Friday evening at the home of Mrs. Frank Greenleaf. The leaguers are requested to meet at the church promptly at 7 o'clock, and it might be well for those having wheels or other means of conveyance to bring them as Mr. Greenleaf's home is some little distance from the church.

HILL'S CORNER

When our neighbor over the hills would establish a banking institution they built a very strong vault with steel and cement and then put in a very strong safe for the cash and those directors (without doubt) pointed their prospective customers to these things, thus showing how very careful they would protect the depositors' money.

Dividends were earned and the stockholders were happy and everybody seemed to be content.

The bank examiners came and went from time to time, pronounced everything correct and it appears that during all this time nobody counted the cash.

A young man was tempted and fell and with him nearly one hundred thousand dollars was not found, he had spent it, all the while "fixing the books."

Had those directors counted the cash the stealings would have been early discovered—all of which shows us that such institutions need more protection from the inside than from the outside.

Directors! count your cash!

ANAHEIM

CROWTHER IS THE PRESIDENT

New A. U. W. Co. Board Was Organized Last Saturday Committees

ANAHEIM, Feb. 7.—The minutes of the Saturday meeting of the Anaheim Union Water Co. directors follow:

The board of directors of A. U. W. Co. met in regular session on Feb. 3, with all members present, excepting Drake.

The minutes of the preceding regular meeting of Jan. 20th and adjourned meetings of Jan. 23, and 26th were read and approved.

Dwyer reported that he had gone over the Baxter tract and the company would need at least 35 feet for a right of way. It was moved and seconded that the report be accepted and the attorney instructed to draw up a deed. Carried.

The report of the finance committee was received and filed and warrants were ordered drawn in payment of the various demands therein recommended.

The report of the treasurer, superintendent and secretary were each in turn received and filed.

On motion the agreements of the city of Anaheim and Godfrey Stock, wherein they each agreed to pay one-fourth the cost of replacing the present open ditch on Walnut street by a pipe line were accepted. Carried.

On motion the board adjourned.

Immediately upon the adjournment of the old board the secretary read the names of the newly elected board and a quorum was found to be present. Wm. Crowther was elected president, A. S. Bradford, vice president; William T. Wallop, secretary, First National Bank treasurer, and A. L. Porter superintendent for the ensuing year.

B. F. Porter of the retiring board made a few remarks, including a few words of advice to the new members of the board, for which he was duly thanked.

The committees appointed by the president were as follows:

Finance Committee—Sherwood, Hale and McFadden.

Ditch Committee—Bradford, Dwyer and Beazley.

Oil Committee—Bradford and Hale.

Pumping Committee—Bradford and Hale.

Measuring Committee—Main canal, Sherwood; West End, Beazley; Placentia Avenue, McFadden, and Anaheim, Dwyer.

Application was received from S. S. Twombly for 450 feet of 12 inch cement pipe. Same was referred to Superintendent with power to act.

On motion the superintendent was ordered to lower the pipe of West street to agree with the city grades.

Applications on file for transfer of stock were on motion granted.

Bradford reported that in his opinion the gate requested by Mr. Chapman on the ditch east of the Bradford property could be put in satisfactorily. No action was taken until Sherwood could run lines and report at the next meeting.

A resolution was passed instructing Attorney Keech to apply to the county supervisors for a franchise for laying the oil pipe line from the Amalgamated lease to the Santa Fe tracks at Placentia. Mr. Sherwood was given power in the same resolution to apply to the Pullerton trustees for the same franchise.

On motion Sherwood was instructed to draw plans for the reservoir to be constructed by the A. U. W. Co. at pumping plant No. 2.

On motion the superintendent was instructed to excavate for a pipeline up Placentia avenue, under supervision of an engineer.

On motion Attorney Keech was authorized to apply for a franchise for a water pipe line on Placentia avenue.

Bradford of the oil committee was authorized to personally notify the Amalgamated Co. of our intention to construct a pipe line from the Amalgamated lease to the Santa Fe tracks at Placentia.

On motion the meeting adjourned.

WM. T. WALLOP, Sec'y.

IN THE JUSTICE'S COURT

ARE TO TRY
HIM TO END

Judge Raised the Bond Ten
Times After Hearing the
Evidence in Case

That Deputy District Attorney
Koepsel and Justice Cox were of a
different mind from three of the jurors
who yesterday heard the evidence in
the trial of Frank Cormona was

shown when the jury reported that it
could not agree, that nine stood for
conviction and three for acquittal.
While awaiting trial the man was
out on \$500 bail. When the jury came
in, Koepsel said:

"I am going to keep trying this
man until we get a verdict. I am sat-
isfied that he is guilty. I move that
you remand him to the custody of the
sheriff and his bond be fixed at
\$500."

The amount rather staggered Cor-
mona, but the justice thought it
right, and he made it \$500. Cormona
had to go to jail.

Cormona was arrested on a charge
of stealing a bicycle from Dyke
Thorp. Thorp identified the wheels
found on a bicycle Cormona tried to
sell to Robert Gerwing. Gerwing
identified the wheels and the coaster
brake as Thorp's property.

Cormona declared the wheels were
found in a weed patch south of the
sugar factory. He said they were
found by a man named Joe Liscen,
but Joe could not be found to be
brought in to testify. Koepsel plainly
intimates that he thinks Liscen is a
fictitious person.

Charge Less Serious

Today when David Montijo's pre-
liminary was finished, the case was
dismissed and a new complaint
charging battery instead of assault
with intent to kill was sworn to by
the complainant, Henry Martinez.
Martinez said that Montijo hit him
over the head with a revolver at Los
Alamos. Attorney Green for Montijo
put on several witnesses, showing
that the offense was not more than
battery at most.

BOARD OF SUPERVISORS

ASK FOR BID
COUNTY DRUGS

Grand Jury Probably May Take
Credit for Action Taken
Yesterday

The grand jury that adjourned
about a month ago probably can take
credit for the fact that yesterday the
Board of Supervisors took steps to
have its drugs let out to bids. County
Physician Wehrly and Chairman Tal-
bert of the supervisors were instruct-
ed to prepare a list of standard drugs
needed by the county physician in his
work for the county, and to advertise
for bids for those supplies.

The grand jury took this matter
up with the supervisors, and wanted
to know why bids had not been asked
for. The reply was that it was nec-
essary that the drugs be bought at
Santa Ana, as it is here that most
of the county patients are cared for.

A new contract was entered into
yesterday with the Santa Ana Hospi-
tal Association for the care of coun-
ty patients at the Santa Ana Hospi-
tal. The schedule of prices is about
the same as has been used the last
four years, with the exception that
the charge for surgical dressings is
higher.

The board yesterday authorized
Leck to expend in excess of \$300 in
the Tustin and San Joaquin road dis-
tricts.

The supervisors adjourned to Feb.
14.

AT THE COURT HOUSE

HOMESTEAD IS
FOUND VOID

Judge Cole Decides Property
Contention in Favor of
F. P. Nickey

Judgment was entered today by
Judge F. J. Cole of Imperial in the
action of Rosalind E. Nickey against
Frank P. Nickey, an action tried here
by the Imperial judge. At the time
of the trial the judge denied a di-
vorce to either party, denied the mo-
tion to assess the costs and attorney
fees of the plaintiff to the defendant,
and awarded \$75 a month main-
tenance to Mrs. Nickey. The judgment
filed today renounces these orders, and
in addition settles the property rights.

Judge Cole finds that all of the
property was the individual property
of Nickey. He declares the home-
stead filed by Mrs. Nickey upon the
home at the corner of Sixth and Bush
streets to be illegal and void.

Swofford and Munholland and P. W.
Schenk of Los Angeles were attorneys
for Mrs. Nickey and Daniel and Dan-
iel and Clyde Bishop for Nickey.

Asks for Letters

tioned for letters of administration
on the estate of A. B. Cowan, who
died on November 23 in Askaloosa,
Kan. His estate in this county con-
sists of \$860 in an Anaheim bank.
Tipton and Callor are attorneys in
the case, representing heirs at Ana-
heim.

Comes to an End

Judgment was satisfied today in a
case that was tried four times. It
was the suit of the Santa Ana Arti-
ficial Stone Company against George
Kuechel. On each trial judgment has
been for the plaintiff for work done
on Albert Fuller's house on McFad-
den street. The case went twice from
the justice's court to the superior
court. Payment today was \$85.16 judg-
ment and \$20.95 costs.

Their Side of it

Attorneys Hartwick and Tarver
take exceptions to a statement in a
court report that suit was brought by
the National Bank of Orange as the
result of a misunderstanding of attor-
neys. They say the note had been
presented for payment, and the suit
was brought without understand-
ing on their part.

ORANGE DEFEATED
BY SANTA ANAS

A big crowd attended the first
baseball game of the season last
night between Orange and Santa
Ana. Santa Ana won to the tune of
10 to 0. Bill Warren pitched the
first two innings and Orange could
not get a hit off of him. Santa Ana
scored two runs off of the Orange
pitcher the second inning. Young-
man, the "star" from Texas, came up
with a three-bagger.

The third inning Barry McPhee
took the box. He is a new pitcher,
but a very promising one. Santa Ana
scored two more in the third and two
more in the fourth. Barker, the
"tiny fellow" took the "clab" at the
beginning of the fifth. He also show-
ed up well. Santa Ana ought to be
proud of such pitchers as she has.
Eddie McGaffy took Art. Pease's
place in the fourth and surprised the
crowd with his great pegs.

Santa Ana scored four runs in the
sixth. With the bases full Young-
man came up with another three
bagger and he also came in on an
over-throw at home.

The line-ups were:

Santa Ana	Orange
Pease (Capt)	Potter
McGaffy	C

Carver, Duhart	3B Watson

SAYS ORANGE GIRL
WEDS AT SAN DIEGO

Examiner in San Diego Dispatch:
J. S. Napier, aged 26, who says he
lives in San Diego, and Miss Effie
Wise, aged 19, of Orange, were mar-
ried by Justice Solon Bryan yester-
day afternoon within an hour after
the blushing bride-to-be had arrived
here and being met at the train by
her fiancé. She is the daughter of Mr.
and Mrs. J. L. Wise of Orange.

"I am old enough to decide for
myself and do not know that you
could really call our marriage a run-
away affair. I just came here and was
met by 'Jack' and we have been mar-
ried and that is all there is to it,"
said the blushing Mrs. Napier.

Napier has known his bride but
two months. They first met, he says,
when he visited friends at Orange.
Since then they have only waited for

the opportunity to find a minister
and become man and wife.

Napier, who appears refined and
educated, last night maintained that
he is a laborer and that San Diego
is his home. He scarcely knows one
of the principal streets of the city.
"All this will come out soon enough,"
he said. "Miss Wise came to San Di-
ego yesterday. I met her at the train,
we hunted up a justice of the peace,
the ceremony was performed and that
is all there is to it. Yes, we are hap-
py, extremely so. For the present at
least we will continue to reside in
San Diego. Our plans for the future
have not been definitely decided upon."
